REMARKS

*Claim Objections*

The claims have all been amended to correct the bracketing  
5 informalities referred to by examiner.

*Double Patenting*

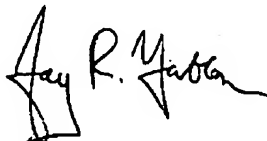

A terminal disclaimer is included with this reply to overcome  
the nonstatutory double patenting rejection.

10 This disclaimer is filed without prejudice or admission  
regarding the obviousness-type issues raised by examiner.

CONCLUSION

As a consequence of the foregoing, since all objections and  
15 rejections have been addressed, applicant looks forward to  
receiving a notice of allowance in the near future.

Respectfully submitted,
